A PIECE OF SPAIN: THE GRAND GALA OF MEDITERRANEAN PASSION

Come along on a journey for which you need no flight ticket. Charly Gitanos conquers the big stages with his top-class six-piece formation and presents **"A Piece of Spain"**. Forget everyday life and immerse yourself in a world full of temperament, elegance and visual magic. This show breaks through all musical boundaries and celebrates the longing for the south, the sun and freedom — a feeling for life that immediately captivates both the wide festival audience and demanding theatre visitors.

The band functions as a perfectly tuned unit: The foundation is built by the driving power of the drums and the modern, atmospheric sounds of the keyboards, which seamlessly interweave with the virtuosity of the Spanish guitars. The result is no timid mix, but rather a voluminous, orchestral Latin sound at the highest production level. Look forward to hearing again the melodies that made your most beautiful holidays unforgettable — the ultimate soundtrack of your summer.

On stage, two top-class female soloists unleash a true visual stage fireworks display. With their Andalusian dance-passion and breathtaking body artistry they take the audience's breath away. The rhythmic fascination of their Zapateado is felt throughout the entire hall, transforming every scene into a painting full of emotion. But their role goes far beyond that: They are true multi-instrumentalists, switching fluidly between cajón and congas and supporting the band with powerful choruses.

The repertoire is like a roller-coaster ride of emotions: From intimate moments of pure emotion to legendary fiesta anthems that guarantee party atmosphere. **"A Piece of Spain"** offers the complete package: Musical quality, visual impact and pure joy of life.
