A PIECE OF SPAIN — THE QUARTETT

Come along on a journey for which you need no flight ticket. Charly Gitanos brings **"A Piece of Spain"** to the stage with his quartet — an elegant live show full of temperament, Mediterranean atmosphere and musical class. The format is compact but effective: approachable, high-quality and ideal for venues that seek a distinctive concert experience with a strong profile.

The formation combines vocals and lead guitar, a second guitar, percussion and a female soloist who brings dance, percussion and vocals to the show. The result is a warm, rhythmically dense live sound that goes far beyond a classic acoustic set and captivates the audience from the very first moment.

The soloist gives the quartet its visual and emotional radiance. With expressive dance, precise Zapateado and a fluid transition between movement, percussion and vocals, every scene becomes tangible and alive — both musically and atmospherically.

The repertoire ranges from original songs to Spanish classics and world-renowned fiesta anthems. **"A Piece of Spain"** in quartet format stands for 2 hours of holiday in Spain: stylish, audience-close and with precisely the intensity that fills small and medium-sized stages especially impressively.
